AMEDEO AIR FOUR PLUS LIMITED

Announcement of the results of the First Placing under the Company's Placing Programme

11 December 2015

Amedeo Air Four Plus Limited (the "Company"), a Guernsey-domiciled company, is pleased to announce the successful completion, pursuant to the Placing Programme, of the First Placing. Admission of 47,000,000 New Shares of the Company at an issue price of 100p per New Share to trading on the Specialist Fund Market ("SFM") of the London Stock Exchange plc ("Admission") is expected at 8.00 a.m. on 15 December 2015.

Nimrod Capital LLP acted as Placing Agent to the Company.

The ISIN number for the New Shares is GG00BWC53H48 and the SEDOL number for the New Shares is BWC53H4.

Investment Objective and Policy

The Company's investment objective is to obtain income returns and a capital return for its Shareholders by acquiring, leasing and then selling aircraft. To pursue its investment objective, the Company will seek to use the net proceeds of placings and/or other equity capital raisings, together with financing facilities (or instruments), to acquire widebody, or other, aircraft which will be leased to one or more major airlines.

The Initial Assets

Since the completion of its initial public offering on 13 May 2015 (the "IPO"), the Company has acquired four Airbus A380 aircraft (the "Initial Assets") which have been leased to Emirates Airlines.

The New Assets

Following admission of the New Shares pursuant to the First Placing, the Company will acquire a fifth Airbus A380 aircraft and, if the Second Placing is approved by the Board of Directors, following admission of the New Shares pursuant to the Second Placing, the Company will acquire a sixth Airbus A380 aircraft (such aircraft being the "New Assets").

The New Assets will be leased to Emirates Airlines, for a term of 12 years, with fixed lease rentals.

Income Distributions

The Company receives, or will receive, income in the form of lease rentals for each Initial Asset and each New Asset. Income distributions are currently being made to Shareholders quarterly and, subject to compliance with applicable laws and regulations, it is anticipated that such income distributions will continue to be made on a quarterly basis. The Company is targeting a distribution to investors of 2.0625 pence per Share per quarter (amounting to a yearly distribution of 8.25 per cent. as pro-rated from the date of completion of the Company's IPO on 13 May 2015 to 31 December 2015, based on the IPO issue price of 100 pence per Share) at least until such time as

any aircraft other than the Initial Assets and the New Assets are acquired. The first such distribution, at the target amount of 2.0625 pence per Share, was declared on 2 July 2015 and paid on 24 July 2015. The second such distribution, also at the target amount of 2.0625 pence per Share, was declared on 2 October 2015 and paid on 23 October 2015. The third such distribution is expected to be declared in early January 2016 and paid on or around 29 January 2016.

Future acquisitions

After the acquisition of the New Assets, the Company's articles of incorporation provide that the Company may only acquire further aircraft with the approval of Shareholders by ordinary resolution in relation to each proposed acquisition. In such circumstances, it is the current intention of the Directors to offer Shareholders the opportunity to participate in the equity financing of such further acquisitions on a broadly pre-emptive basis, although other approaches to the equity financing may also be considered and pursued if the Directors consider it appropriate to do so.

Defined terms used in this announcement shall have the same meaning as ascribed to them in the Company's Prospectus dated 3 December 2015.

Important Information

This announcement is an advertisement and not a prospectus and investors should not subscribe for or purchase any shares referred to in this announcement except on the basis of information in the Prospectus dated 3 December 2015.

The above target distributions are targets only and are based on various projections and assumptions at the time of modelling and are therefore subject to change. The income the Company may receive cannot be accurately predicted and is subject to risks including, but not limited to, a default by a lessee on its obligations under a lease, late delivery of either of the New Assets and the effect of loan bullet payments falling due (which may cause the Board to consider if a distribution can lawfully be made under Guernsey law). Moreover, should Shareholders approve the acquisition of further aircraft or the sale proceeds of one or more of the Initial Assets or the New Assets be re-invested, there can be no guarantee that the terms on which such further aircraft are leased will support the level of target dividends described above. There can therefore be no guarantee that dividends will be paid to Shareholders and, if dividends are paid, as to the timing and amount of any such dividend. Any distribution of dividends to Shareholders will be subject always to compliance with the Companies Laws.

Target yields or returns are targets only and there can be no guarantee that the company will achieve such targets at the levels stated or at all. Prospective investors should not place any reliance on such targets in deciding whether to invest in the Company.
