Investment Objectives and Policy

The Company's investment objective is to obtain income returns and a capital return for its Shareholders by acquiring, leasing and then selling aircraft (the "Assets").

To pursue its investment objective, the Company will seek to use the net proceeds of placing and/or other equity capital raisings, together with debt facilities (or instruments), to acquire widebody, or other, aircraft which will be leased to one or more major airlines.

The Company aims to provide Shareholders with an attractive total return comprising income, from distributions through the period of the Company's ownership of the Assets, and capital, upon the sale of the Assets.
